STRATEGIC VISION & KEY INITIATIVES

Data Center Leadership (Emerging Market Focus)

Capitalizing on Nepal's rapidly emerging IT sector, Nuzhat is actively preparing to spearhead and lead major initiatives in sustainable, next-generation **Data Center** infrastructure in the upcoming years. Her goal is to champion secure digital architecture and localized cloud/data readiness for enterprise growth.

- **IT Systems & Corporate Governance:** Bringing over 10 years of technology sector insights to align governance practices with modern digital execution across holding operations and industrial portfolios.
- **Social Responsibility & Leadership:** Actively engaged in community initiatives and social services, serving with excellence to balance commercial success with broader societal impact.
